

Fun Day with the Boys – October 2009

Early in October, Samuel organised a fun day during the school holidays to give the boys in the unit something to look forward to and also to maintain relationships with their friends still living on the streets. He coordinated volunteers from his church and from other agencies to work with him in providing for the boys.

The Volunteers

Motivational speakers from LPPA attended and did some work with the boys on peer pressure and self esteem.

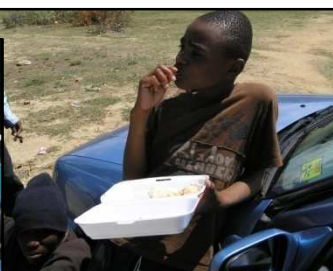

The boys watched a drama about peer pressure designed by Samuel.

They had some fun playing football and volleyball.

And then they had lunch...

And a snooze!

It was a great day. Thank you, Samuel for organising it.
